General dentistry services

Our general dentistry services are of the highest standard, and at a very competitive cost. Being a client of Umbrella, you will have exclusive access to:

EXAMPLE OF GENERAL DENTISTRY FEES:

Consultation – £50

Xray – £15

Hygiene – £65/session

Cosmetic filling from – £150

- dental health examinations which include thorough assessments of teeth, bone, gums, soft tissues, nervous system, muscular balance, the complex jaw joints (TMJ), and the effect these structures have on posture and well-being
- a comprehensive list of general dentistry services such as hygienist services, cosmetic bonding and fillings, aesthetic restorations all of which incorporate our **amalgam-free** philosophy
- the absolute cutting edge of diagnostic technology which includes EMG muscle analysis, state of the art computerised jaw tracking, jaw joint sonography, digital xray, intra-oral camera, where necessary MRI and CT scan diagnosis
- a comprehensive holistic team which includes the elite of osteopathic and chiropractic clinicians as well as our own fitness and conditioning coaches.

“Justin and his team excel at what they do! They are professional, caring and get amazing results. I would and have recommended Zoom! whitening to friends, family and clients.”

NICKY CLARKE, CELEBRITY HAIR STYLIST

Missing teeth no longer have to be a source of embarrassment – with today’s technology it has become even easier to turn to dental implants.

Implant Dentistry a simple, pain-free way to restore your smile!

DR ROBERTA LAMBERTENGI

We are very fortunate to have Dr Roberta Lambertenghi as part of the Umbrella team. Roberta was trained in Milan and continues to teach clinical techniques to dentists at the prestigious Eastman Dental Institute.

The number one cause of tooth loss in the UK is not decay but periodontal or gum problems.

Periodontal therapy

Periodontal disease is not painful which is why it often goes unnoticed until too late.

This is why it is so important to have regular periodontal examinations. If treatment is necessary we can provide hygienist services or in more advanced cases our clients can consult with Dr Lambertenghi.

Cosmetic Dentistry

With our clinical director, Dr Justin Glaister, gaining his cosmetic experience with world-renowned institutions in New York, Las Vegas and Milan we can offer you the elite of cosmetic dentistry services. Our team includes some of the world's finest ceramic artists and it is this meticulous attention to detail which ensures beautiful results.

Jane's full story is available to read at www.umbrellasmiles.com

Before treatment

After treatment

“ I originally undertook cosmetic dentistry at my nearest dentist without researching the subject fully. The problems this caused and the beautiful result you have given me just makes me wish I had found you sooner... ”

“Cosmetic Dentistry Veneers: what Americans call “British” teeth – gappy, uneven, yellow – just won’t cut it on the red carpet. Cameras love perfectly even rows of dazzling teeth, and what better way to achieve that must-have Hollywood smile than to have them all capped with veneers? Who to Know: Dr Justin Glaister, Umbrella, London W1...” VOGUE

Do you suffer from headache or neck pain?

If so, you may be suffering from TMD (temporomandibular dysfunction). Utilising state-of-the-art equipment including EMG analysis of muscle imbalances we can diagnose and treat many of the symptoms listed below:

Headaches

Jaw Joint pain

Clicking jaw joints

Limited opening of mouth

Grinding/clenching of teeth

Tinnitus (ringing ears)

Vertigo (dizziness)

Facial pain

Neck/shoulder pain

Postural problems

Agitation

Insomnia

“Justin Glaister’s pioneering Harley Street practice Umbrella provides the latest dental innovations that have a positive effect on the whole face. On offer: neuromuscular dentistry – in which electrodes are placed on the nerves of the jawline to relax muscles to achieve the correct bite – incredibly important for a youthful look because it gives more balance.” TATLER

For more information on neuromuscular treatments see www.bitechew.com

Set to cause a revolution in sports training and performance, top athletes from professional footballers, boxers and top jockeys, swear that their **OSO Athletic guard** gives them the competitive edge.

Unleash the power within

Runners, footballers and all sports enthusiasts will benefit greatly from wearing an **OSO Athletic guard** as it dramatically boosts performance and well-being.

Benefits of wearing the guard include increases in strength, endurance, power, vertical leap and improvements in balance and posture which has the added bonus of reducing the prevalence of sporting injuries.

For more info see www.bitechew.com

See dramatic improvements in:

Golf - more powerful and accurate strokes

Football - increased power, reduced injury

Rugby - increased strength, power and balance

Boxing - greater endurance, reduced concussion

Running - increased endurance, reduction in injuries

Weight training - increased muscular recruitment

What do I do now?
